

MOBILITY GRANTS FOR INTERNATIONAL POSTGRADUATE STUDENTS

Are you seeking an
innovative and highly
interdisciplinary training
in molecular sciences?

*Take your scientific career
to the next level with one of
two exclusive mobility
grants for international
Master's students to enroll
in the ChemBio&Mat
programme during the
2025–26 academic year.
Apply now and join CiQUS
(University of Santiago de
Compostela), a leading
center for cutting-edge
research in Spain!*

**YOU
WANT
IT!** to be
part of 

masterchembiomat.usc.es

CiQUS is launching the 1st Edition of the CiQUS Mobility Grants for International Postgraduate Students.

OBJECTIVE

The aim of this initiative is to reinforce the internationalization of the **Master's Program in Chemistry at the Interface with Biology and Materials Science** (ChemBio&Mat) at the **University of Santiago de Compostela (USC)**. Closely linked to the cutting-edge research carried out at the CiQUS center, this program offers students a unique opportunity to engage in interdisciplinary scientific training at the forefront of chemistry, biology, and materials science. Through the launch of a new grants program, we seek to attract talented international students who are eager to pursue advanced studies in a dynamic academic and research environment, and to become part of a vibrant scientific community with global impact.

THE MASTER'S DEGREE

The ChemBio&Mat Master Degree is the only programme recognised as a unique degree in the Galician University System. It is a **full-time 90 ECTS Master's programme** (high number of practical ECTS to be trained in the most advanced experimental techniques), taught in **English** and aimed at providing multidisciplinary scientific and technological education in chemistry and its interface with functional materials and with molecular and cellular biology.

WE OFFER

2 mobility grants for international students, to study the Master's Degree in Chemistry at the Interface with Biology and Materials Science that is being developed at CiQUS in the 2025-26 academic year.

ENDOWMENT

13,500€ in 3 payments for accommodation and meals + up to 1,000€ annual payment for travel assistance.

REQUIREMENTS

- Non-Spanish nationality.
- Bachelor's degree, engineering degree or equivalent, obtained from an institution outside Spain (MECES level that qualifies for access to the Master's program).
- Average grade (equal to or greater than 8 out of 10).
- Accreditation of English level (minimum B1).

AWARD CRITERIA

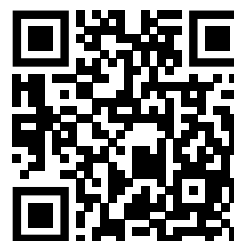

- Average grade
- Curriculum vitae
- Motivation letter
- Personal interview for short-listed candidates

APPLICATION PROCESS AND DEADLINE

Applications must be submitted through the *Electronic Office of the University of Santiago de Compostela**, using the application form available, attaching:

- Scanned copy of the BSc diploma and academic record of the studies which provide access to the Master's Programme (with expression of the average mark based on 10) or document certifying the equivalence.
- Curriculum vitae
- Motivation letter

Deadline: **July 10, 2025** at 23:59h (CEST)
